A Neighbourhood Plan should:

- Develop a shared vision for a village or town.
- Choose where new homes and other development should be built.
- Influence how much housing should be built, and of what type.
- Identify and protect important local green spaces or other treasured assets.

Once approved, our plan will be a legal document setting out, with justification, what development is acceptable in our parish. Developers and local authority planners will be obliged to take notice of it.

Where a question has multiple answers that are applicable, please tick/circle all that apply.
