Introduction

Weekly

Following your recent receipt of the retrospective data form, the Department requests that SCDC completes the following weekly data collection. The form requests ongoing data on: staffing, costs, service delivery, performance against a range of SCDC's KPIs, and resident feedback.

As stated in the Best Value Notice, the Department requests that this form is completed and returned on a weekly basis starting one week from its receipt. To allow time to gather the relevant information, each weekly submission should correspond to the week two weeks prior to the date of submission.

Please note that no personal data should be provided in this form.

Data collection - weekly

Section 1: Organisational data

Data recorded in this section should relate to the period 2nd September 2024 - 9th September 2024

Additional commentary

Please provide any additional comments on the information provided in this section

Please use this box to provide an explanation for missing data or additional commentary

- 1A This is a headcount of permanent and fixed term employees.
- 1A The headcount for Housing includes 4 staff who opted out of the 4DW trial. The headcount for Shared Waste includes 2 staff who have opted out of the trial.
- 1A Transformation also includes HR and Corporate Services; this is the case for all questions where the weekly data is to be provided by service area.
- 1A Our current processes mean that for approximately the first 15 days of the month, HR data is input. For the next 15 days of the month, our Payroll team take additional actions based on our input. This means that HR flag people as leavers, but they do not technically "leave" according to the i-trent system until Payroll actions are complete.
- 1B This is a headcount of temporary, casual, and agency staff
- 1B Note one employee can undertake more than one role
- 1C Permanent and fixed term staff costs are calculated monthly via the payroll process which includes calculations of National Insurance, Pension,

allowances, overtime etc. This figure is calculated monthly and therefore data cannot be provided for individual weeks. The total costs for each month are provided as soon as the data is available. This data is for August 2024.

- 1C Agency staff costs are calculated monthly as part of our monthly accounting processes. The total costs for each month are provided as soon as the data is available. This data is for 05/08/24 to 01/09/24 as Agency staff hours worked are submitted calendar weekly.
- 1D Contracted hours for staff no hours have contractually changed during this trial. The expectation is that from 1st April 2024 all staff work 86.5% of their contracted hours. Full time hours = 37, anticipated working hours = 32
- 1D Working pattern Part Time hours vary between ** ** hours per week. Actual hours worked are expected to be 86.5% of those contracted hours, which remain unchanged.
- 1E This has been calculated on working pattern in i trent which for most staff in the trial is 4 days per week.
- 1E Days sickness per FTE are calculated using number of days sickness absence in the service area per week divided by number of full time equivalents in the department note absence data for this week period may change after submission date if further updates to cases are made in i-Trent.
- 1G Job title is provided as we do not categorise roles. For roles recruited prior to Sept 2023 we do not have exact dates advertised and have instead provided month and year. We have interpreted date staff appointed as the date the applicant was verbally offered the role and the start date as the day they commenced employment. Please note for driver and loader vacancies some of the adverts were rolling adverts where candidates may have been interviewed and appointed prior to the official closing date these jobs may have reopened again very shortly afterwards. Where multiple roles were advertised we have identified these using 'M' in column A so multiple roles are shown advertised in one vacancy. This data spreadsheet includes both internal and external vacancies and appointments.
- 1I Overtime payments are requested, processed and paid monthly as part of the payroll process so this data is provided monthly as soon as it is available. Note that a claim made in any month can cover any instances of worked overtime from the previous 3 month period. This number does not include out of hours payments, standby or call out payments. This data is for August 2024.

Section 4: Resident feedback

Provide the following in relation to SCDC's online feedback form about the four day working week trial.

4A: Online forms received by the organisation that are positive, negative or indifferent

	Number	Percentage
Positive	0	0 %
Negative	0	0 %
Indifferent	1	100 %
Total	1	

4B: Methods of publicising feedback form to residents, for example, newsletters

4B Published on our website https://www.scambs.gov.uk/your-council-and-democracy/four-day-working-week-trial

4C: Provide details of all feedback or complaints received

My question is, what was your standard working hours before you introduced the 4 day week and after. Thank you #

4D: Provide details of process for handling complaints

4D When completing this form, customers are asked if they wish to be contacted to address their comments. Where that is the case, responses are prepared by the team and agreed by a senior manager. If customers wish to make a formal complaint they are always dealt with through our standard complaints

Thank you for completing this survey. Please press Submit to submit this data
